

CAHPS Hospice Survey

Quality Assurance Guidelines V11.0

Technical Corrections and Clarifications

May 2025

Subsequent to the release of the CAHPS Hospice Survey *Quality Assurance Guidelines V11.0* (QAG V11.0) in October 2024, it has been determined that there are specific content items that require correction, addition and/or further clarification. The items listed in this document replace the previous release of the content in the QAG V11.0. The items are identified below:

- In the “Definition of a Completed Survey” on page 148, the number of questions in the survey has been updated from “39” to “38” and the number of questions used to calculate the “Percentage Complete” has been updated from “33” to “32.” Therefore, the section definition of a completed survey is now as follows.

Definition of a Completed Survey

Survey vendors should be aware that a survey can be considered “complete” for CAHPS Hospice Survey purposes even if a caregiver does not answer all items. Survey vendors assign a “Final Survey Status” code of “1 – Completed Survey” to decedent/caregiver cases when at least 50 percent of the questions applicable to all (ATA) decedents/caregivers (Questions 1 – 4, 6 – 14, 16, 18, 20, 22, and 24 – 38) are answered. Appropriately skipped questions and the following questions are **not** included in the calculation of percentage complete: 5, 15, 17, 19, 21, and 23.

The following steps describe how to determine if a survey is completed:

Step 1 – Sum the number of questions that have been answered by the caregiver that are ATA decedents/caregivers

R = total number of questions answered

Step 2 – Divide the total number of questions answered by 32, which is the total number of questions ATA decedents/caregivers, and then multiply by 100

Percentage Complete = $(R/32) \times 100$

Step 3 – If the Percentage Complete is at least 50 percent, then assign the survey a “Final Survey Status” code of “1 – Completed Survey”

➤ Appendix P, CAHPS Hospice Mail Survey Materials (English) Revision

- The updated OMB expiration date was added with the OMB control number for the two versions and the OMB Paperwork Reduction Act language. Revised English survey materials can be found on the Survey Instruments page of the CAHPS Hospice Survey Web site (www.hospicecahpsurvey.org).

➤ Appendix R, CAHPS Hospice Web Survey Materials (English) Revision

- The updated OMB expiration date was added with the OMB control number for the OMB Paperwork Reduction Act language. Revised English Web survey materials can be found on the Survey Instruments page of the CAHPS Hospice Survey Web site (www.hospicecahpsurvey.org).
