Web Survey Requirements

Required for the Web Survey System

Survey vendors may use the web survey system and software of their choice. Survey vendors are responsible for programming the web survey to conform to the template and specifications provided in the official Web Survey Instrument (Appendix R, and other languages found on the CAHPS Hospice Survey Website). The web survey system should enable survey administration in English, and any optional languages offered by CMS, if the optional language will be administered by the survey vendor. Survey vendors are not permitted to make or use any other translations of the CAHPS Hospice web materials.

- The web survey system must:
 - support the use of a URL that is a maximum of 25 characters
 - be linked electronically to the survey management system to allow tracking of the sampled caregivers through the survey administration process
 - support dissemination of emailed survey invitations that include an embedded hyperlink unique to each sampled caregiver that the caregiver can click on to directly connect to the web survey
 - track whether a caregiver has an email address and whether the email address was identified as invalid (e.g., results in a delivery error message).
 - allow for the removal of sampled caregivers from further data collection attempts following submission of a web survey
 - support capture of data from web surveys that are initiated and suspended without submission of a completed survey
 - allow for web surveys to be suspended and resumed at a later date, returning the respondent to the first unanswered question
 - track whether the web survey was initiated using the web invitation email or web reminder email. The vendor must retain this information in their records.
 - allow for the respondent to back up and change a previously selected response
 - allow a web survey to be programmed to present similarly on different browser applications, browser sizes, and platforms. The survey should automatically and optimally re-size for the caregiver's screen (whether phone, tablet, computer).
 - allow a web survey to be programmed to be 508 compliant
- In addition, the web survey platform must:
 - NOT allow for advertisements of any kind to be embedded or displayed. This includes but is not limited to, banner or column ads, pop-up ads before, during or after the survey is accessed or completed, or promotional messages on any of the web screens.
 - NOT allow respondents to access the web survey after submission or after the data collection window has closed
 - NOT require the creation of a password to initiate or resume the web survey

Required for the Web Survey

The CAHPS Hospice Survey Core questions (Q1 – Q31) must be placed at the beginning of the survey. The order of the Core questions must **not** be altered, and all the Core questions must remain

together. The “About Your Family Member” and “About You” questions must be placed after the Core questions and cannot be eliminated from the questionnaire. The “About You” questions must follow the “About Your Family Member” questions.

Survey vendors must adhere to the following specifications for web survey formatting:

Welcome Screen

- Hospice logos may be included on Welcome screen; however, other images, tag lines or website links are not permitted
- The name of the hospice must be included on the Welcome screen as indicated in the web survey templates
 - If applicable, the Welcome screen may also include the specific hospice inpatient unit, acute care hospital, or nursing home facility in which their family member or friend resided
- Decedent name must only appear on the Welcome Screen
 - Decedent name must not be included on any other screen in the web survey
 - Caregiver name must not be included on any screen in the web survey
- As indicated in the web survey templates, the OMB Paperwork Reduction Act language must be displayed on the Welcome screen and appear below the survey “START” button
 - The OMB language font size must appear smaller than the rest of the text of the Welcome screen, but no smaller than 10-point at a minimum

CAHPS Hospice Survey Questions

- The caregiver must be able to select their preferred language from English and any offered optional translations
- Question and answer category wording must not be changed
 - No changes are permitted in the order of the Core questions (Q1 – Q31)
 - No changes are permitted in the order of the “About Your Family Member” questions
 - No changes are permitted in the order of the “About You” questions
 - No changes are permitted in the order of the answer categories for the Core, “About Your Family Member,” or “About You” questions
 - All **bolded** or underlined content must be emphasized
 - All punctuation for the question and answer categories located in Appendix R must be programmed
 - All response categories must be listed vertically. Matrix format is not permitted.
 - All questions are programmed to accept only one response, with the exception of Q2 and Q34
- Section headings (e.g., “**Your Family Member’s Hospice Care**”) must be bolded and included as a shaded web screen header on each page
- Skip patterns must be programmed into the web survey system
- Survey vendors must **not**:
 - program a specific response category as the default option
 - use a progress bar or other progress indicator on web screens
- The name of the hospice may be filled in Questions 2, 4, and 30, as indicated below
 - Question 2 – “In what locations did your family member receive care from [ABC Hospice]?”

- Above Question 4 – “For the rest of the questions, please think only about your family member's experience with [ABC Hospice].”
- Question 30 – “Please answer the following questions about [ABC Hospice]. Do not include care from other hospices in your answers.”

Formatting

- No changes are permitted to the formatting or wording of the web screens
 - [Square brackets] and UPPERCASE letters are used to show programming and other instructions that must not actually appear on web screens
- Only one language may appear on the web screen throughout the survey
- Display only one survey item per web screen and all questions must allow paging through without requiring a response
 - When displayed, “BACK” button appears in the lower left of each web screen
 - When displayed, “NEXT” button appears in the lower right of each web screen
- Use computer programs that are accessible in mobile and computer versions that are 508 compliant, present similarly on different browser applications, browser sizes and platforms (mobile, tablet, computer)
- Every web screen uses a dark, readable font color (black or dark blue) and type (i.e., Arial or Times New Roman)
- Font color and size (12-point at a minimum) must be consistent throughout the web survey
- Blank space should be used to distinguish the response options from the question text
- Blank space should be used to distinguish navigation buttons from response options

Other Requirements

- The web survey link(s) must remain open until a final survey status is determined or the data collection period closes
- The copyright statement must be displayed on the Thank You web screen and appear below the survey “SUBMIT” button
 - The copyright statement font size must appear smaller than the rest of the text of the Thank You web screen, but no smaller than 10-point at a minimum
